

Certificate of Compliance

Type Approval

Issued to: OPW Sweden AB, Fabriksgatan 3, Box 70, S-73622 Kungsör, Sweden

Product range: KPS Petrol Pipe System™

This certificate covers only those items listed on the attached pages, and should only be reviewed or reproduced in full.

Applications: Positive pressure and vacuum suction delivery, vent lines, fill pipes, vapour recovery and secondary containment Type CS2.

This is to certify that samples of the items listed on the attached pages have been tested by RINA and have been found to comply with the requirements of the following standard for initial type testing:

EN 14125:2025 Thermoplastic and flexible metal pipework for underground installation at petrol filling stations

Full details are given in RINA report number: 2005-0584 Issue 4 and additionally RINA projects EDP1974001, EDP1985001, EDP2076001, EDP2223001, EDP2572001, EDP3362001, EDP02766-001, EDP46480-001, EDP48093-001, EDP48998-001, EDP50469-001 and EDP51709-001.

NOTE 1: This certificate remains the property of RINA. RINA reserves the right to withdraw or revise it following written notification to the issuee. Any revision is indicated by a change in certificate number.

NOTE 2: The part numbers specified in this document are approved for temperature class T2 (-20 °C) from BS EN 14125:2025.

Conditions on the validity of this Certificate: None

Certificate prepared by:

A handwritten signature in black ink, appearing to read 'Anna Longroad'.

Anna Longroad
Materials Engineering Consultant

Certificate approved by:

A handwritten signature in black ink, appearing to read 'Ben Hickman'.

Ben Hickman
Electrical and Polymeric Discipline Lead

Certificate number: 2016-0381-010

Dated: 16/01/2026

RINA Tech UK Ltd., 1 Springfield Drive, Leatherhead, Surrey, KT22 7AJ, UK
